FOR IMMEDIATE RELEASE

Deltacom Introduces Managed Router Service for Business Customers in the Southeast

Huntsville, Ala., October 12, 2009 – ITC^DeltaCom, Inc. (OTC: ITC.D.OB), a leading provider of integrated communications services to customers in the southeastern United States, today announced the availability of Managed Router Service, enabling its business customers to outsource network management for Multiprotocol Label Switching (MPLS) multi-site data connectivity solutions.

Deltacom's Managed Router Service provides comprehensive, proactive management of Deltacom services and Customer Premise Equipment (CPE) 24 hours per day. Deltacom provides circuit monitoring, fault identification, isolation and resolution in addition to router configuration troubleshooting. Customers receive access to web-based, near real-time router inventory and status information as well as network availability and utilization reporting for their Deltacom services.

"Deltacom is committed to creating value and business efficiencies for our customers," said Tony Tomae, Deltacom's Executive Vice President of Sales and Marketing. "Managed Router Service provides cost-effective router and network management, delivered with performance visibility that gives our customers peace of mind."

ABOUT ITC^DELTA.COM, INC.

ITC^DeltaCom, Inc., headquartered in Huntsville, Alabama, provides, through its operating subsidiaries, integrated telecommunications and technology services to businesses and other communications providers in the southeastern United States. ITC^DeltaCom has a fiber optic network spanning approximately 15,965 route miles, including more than 12,020 route miles of owned fiber, and offers a comprehensive suite of voice and data communications services, including local, long distance, broadband data, Internet connectivity, wireless voice and data services, and customer premise equipment. ITC^DeltaCom is one of the largest competitive telecommunications providers in its primary eight-state region. For more information, visit ITC^DeltaCom's web site at www.deltacom.com.
